HI HO HI HO IT'S OFF TO THE PANTO WE GO

We are off to see Snow White & the Seven Dwarfs at St Albans Arena this year, this trip is always very popular and we have been arranging a Panto trip every year for the past five years.

Having our own minibus with a tail lift enables our residents to get out and about, St Albans Arena also offers very good access for disabled residents.

Being able to get out into the community is very important to our residents, we have a very good relationship with our local community centre at Warner's End. Residents often attend a good variety of events at the community centre.

CHRISTMAS SHOPPING

Our local town centre have a special Christmas shopping night on the 6th December for the elderly the shops open till late and provide snacks, drinks and entertainment this is always a fun evening even if you are not buying.

50'S
MUSIC
IS COOL

Warner's End Community Centre Have invited the residents to a 50's revival production on the 9th November, we have been playing 50's music in the home and the residents have enjoyed dancing and singing along in preparation.

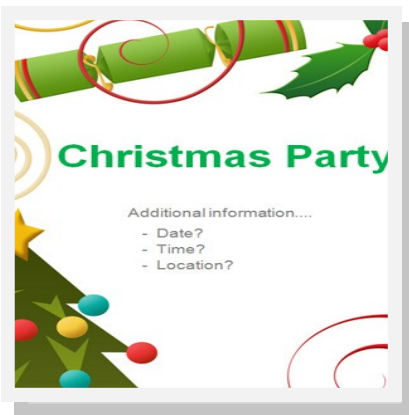

TUESDAY 20TH DECEMBER AFTERNOON AT THE WORLDS END GARDEN CENTRE TO SEE THE XMAS LIGHTS AND DECORATIONS

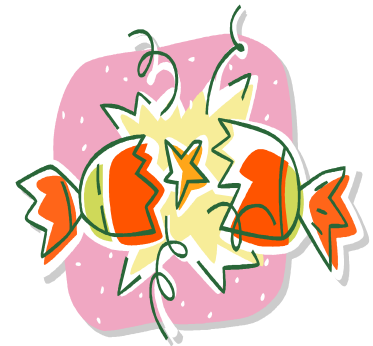

Joan and Kat the activities organizers have been busy arranging for the residents to get out and about, as well as the trips on the first page of our newsletter they have organized an afternoon to go the worlds end garden centre in Wendover, this has been a tradition at Queensway, there is plenty to see, and an afternoon cup of tea and piece of cake makes it special for Christmas.
