## SUMMER FETE'

Summer fete is booked for Saturday the 20<sup>TH</sup> August 2-4, we need your support, we need things for our tombola, white elephant stall, and raffle prizes, it is getting increasingly more difficult to get support locally due to the financial climate, we are raising funds for the residents and to improve their quality of life. If you can have a look at home and see if there is anything you don't need or want, bring it in and help the **Tudors Residents Fund**. We are hoping to have a sunny day, with a bit of jazz and usual refreshments available, put it in your diaries, anyone wanting to help out let us know!

## OUTINGS

Mini bus is booked and outings planned as of the 22.08.11, we are going to the zoo, Cambridge, Butterfly Centre and Ferry Meadows, we are hoping to encourage as many of our residents out as possible and if you would like to join us, let us know, we never say no to help!

## THIS IS ME

I have put up several posters detailing information needed and changes, one of the items is the "This Is Me" leaflet by the Alzheimer's Society, it provides us with a snap shot of each individual detailing points that are of importance relating to them as individuals and the care they will receive. Please take one and help us to understand your loved ones better.

## CARE PLANNING

You may have seen a poster detailing how we are proceeding with our care planning, we are trying to emphasise the importance of resident and family contribution into their care planning and the review process. We are inviting those that want to, to join in the monthly reviews and get involved with how we deliver the care.

You may want to participate in the full review, you may only want to contribute to a particular element or it may be that you access the care plan monthly read and sign it off, which ever format you choose we are here to support, if your relatives are happy for you to be involved and to read their care plans let the team know.

## COMMUNICATION

I continue to operate an open door policy any concerns please do raise them with me or the managerial team. We are happy to listen and help.
